'Mind' Chosen As Sunday Text Subject

"Who hath known the mind of the Lord? or who hath been his counselor?" These questions propounded by Paul to the Romans are the Golden Text of the Sunday Lesson-Sermon on "Mind" in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston.

A Scriptural selection from the Psalms reads, "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper." In the Christian Science textbook, "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible." "A knowledge of the Science of Being develops the latent abilities and possibilities of man. It extends the atmosphere of thought, giving mortals access to broader and higher realms."

GERALD L. ALTER
... Torrance in 1960 a town of 50,000.

'50,000 Population for City In 1960' Local Realtor Says

People live in Torrance for three principal reasons, Gerald L. Alter, local realtor asserts. The trio of "Yea's" in favor of Torrance as a homestead is listed by "Jerry" as:

1. Factory workers like to live close to their work.
 2. A better climate—and less smog.
 3. And because there is room in which to expand.
- Alter, the chairman of the Multiple-Listing Committee of the Torrance-Lomita Realty Board made the statement as he filed briefs, documents, and similar paraphernalia peculiar to a real estate business in his newest and fifth real estate office in this area.

Newest of the chain of the Alter Realty and Insurance Company's offices is located in the new Stadium Theater building, 1651 Cravens avenue.

Another prediction of the former T5 in the Army Engineers is that the City of Torrance will reach a population of 50,000 by 1960. His estimate, compared with figures compiled during the last year which show that the city has swelled 15 per cent in population, puts his guess in the "could well be..." bracket. The native of Indiana came here in 1936 and presently lives

AGED AID TERMED 'OUT OF CONTROL'
"Aid to the aged in California is completely out of control, as compared with the trends in the other states on the nation," according to a statement issued by the California taxpayers association.

In California aged aid rolls advanced from 159,415 in July 1948, to 230,883 in April 1949, and had reached 245,294 at the end of last June, it was declared.

The statement denounced the present California state administrative setup as "bureaucratic."
